MISSION

Evolution International School empowers students by cultivating an *equitable, ethical, and inclusive* learning environment that nurtures well-being, creativity, skills, and academic growth.

We develop socially-conscious global citizens who embrace intercultural understanding and honor local identity and traditions.

HQTL

Teaching and Learning

EVO knows that high-quality teaching and learning (HQTL) is differentiated, student-centred, and inquiry-based. HQTL develops knowledge, transferable academic and life skills, and international-minded, global-citizens.

AUTHORIZATION & ACCREDITATION

IB Authorization and *International Accreditation*

EVO is one of the most accredited and licensed international schools in Egypt and the Middle East region. We are authorized to offer the IB Primary Years (PYP), Middle Years (MYP), and Diploma (DP) Programmes, making us one of the few, elite IB Continuum Schools in Egypt. Our students work to obtain the highest possible university qualification: the IB Diploma.

Accreditation covers all aspects of our School's operations, including governance, health and safety, child protection and well-being, staffing, and our facilities.

IB Continuum School

Authorized to offer the IB Primary Years (PYP), Middle Years (MYP), and Diploma (DP) Programmes.

Council of International Schools (CIS)

We are accredited by the Council of International Schools (CIS), the gold-standard of international accreditation.

Middle States Association

Middle States Association (MSA)

We are also accredited by the Middle States Association of Schools and Colleges (MSA) which allows all students to obtain the American Diploma, a second university qualification.

PYP Programme

EVO is an authorized IB Primary Years Programme (PYP) school. The PYP framework provides a transdisciplinary structure that encourages students to learn and connect:

CONNECT
Subjects

CONNECT
Skills

CONNECT
Concepts

CONNECT
Real-world contexts

The PYP encourages students to develop knowledge, skills, and the attributes of the IB Learner Profile.

Our PYP reflects EVO's commitment to an equitable, ethical, and inclusive learning environment that nurtures well-being, creativity, skills, and academic growth. We aim to develop socially conscious global citizens who embrace intercultural understanding while honoring their local identity and traditions. Our Early Years for children 2.5 to 5.5 years old is the well-regarded Montessori Programme that also operates under the PYP framework.

AGES 2.5-5.5

Montessori for Early Years

At Evolution International School, our Early Years program embraces the Montessori education philosophy to foster a lifelong love for learning. We provide a thoughtfully prepared environment where children are empowered to explore, discover, and learn at their own individual pace. Through hands-on engagement with specialized Montessori materials, young learners develop critical cognitive skills, fine motor coordination, and a deep sense of independence. Guided by our expert educators, children cultivate natural curiosity, self-discipline, and social harmony, building a robust foundation for their future academic and personal growth.

MYP Programme

The IB Middle Years Programme (MYP) builds directly upon the primary foundation, challenging students aged 11–16 to make practical connections between their studies and the real world. Through an inquiry-driven, interdisciplinary framework, the MYP fosters critical thinking, holistic development and personal identity.

THE MYP EXPERIENCE INCLUDES:

Eight subject groups
providing a broad and balanced education

Interdisciplinary learning
connecting knowledge across subjects

Service as Action
— turning learning into meaningful action within the community

Personal Project
— an independent, student-driven exploration and celebration of learning

Students master core academic subjects while developing strong research, communication, and self-management skills—preparing them to navigate complex global contexts while remaining rooted in local identity.

DP Programme

The IB Diploma Programme (DP) is a rigorous, balanced pre-university curriculum for students aged 16–19 designed to prepare them for success at leading universities worldwide. Combining academic breadth and depth, the DP centers on three core components that nurture critical reflection and personal growth:

TOK

Theory of Knowledge (TOK)

Encouraging students to reflect on the nature of knowledge and how we know what we claim to know.

EE

Extended Essay (EE)

An independent, self-directed piece of research culminating in a 4,000-word paper.

CAS

Creativity, Activity, Service (CAS)

Experiential learning through artistic expression, physical activity, and meaningful community service.

SUBJECTS

Students study a combination of 6 subjects which currently include:

English

French

German

Arabic

Business Management

Economics

Physics

Biology

Chemistry

Mathematics

Visual Arts

Celebrating the *Class* of 2026's Success!

We celebrate the outstanding achievements and resilience of our IBDP graduates in the Class of 2026. Their dedication to academic excellence and global citizenship is reflected in our exceptional IB Diploma results which are among the best in Egypt and the region.

LEADERSHIP

Experienced *Leadership*

EVO is guided by an international leadership team of dedicated educators committed to research-informed pedagogy, innovation, and continuous school development.

“

“I am the proud Director of Evolution International School, the most accredited and successful IB Continuum School in western Cairo. It is a pleasure to work with our students, parents, and highly-qualified and trained teachers. EVO is a community.”

— Mr. Andy Dailey, Director

LEADERSHIP TEAM

Mr. Andy Dailey, Director

Mr. Dailey has 34 years of experience in international education, primarily in IB World Schools. He has taught in the US, Croatia, Egypt, and Jordan, and has served as Director of three IB Continuum Schools in Albania and Egypt. He has degrees in History and Education from Vanderbilt and Michigan State Universities and has served as an IB Workshop Leader and Assistant Examiner. He is the author and co-author of six IB MYP and DP textbooks and has served on numerous IB curriculum committees.

Ms. Farah Seif
Deputy Director

Mr. Christian Gülzow
Head of Primary

Dr. Alisher Arstanbek
Head of Secondary

BEYOND THE CLASSROOM

Enrichment *Programs*

Learning at EVO extends beyond the classroom walls.

Our co-curricular and extracurricular offerings enable students to explore new talents, build leadership skills, and pursue personal passions:

Athletics & Fitness

Competitive league sports, swimming, and recreational fitness programs

Arts & Culture

Visual arts exhibitions, drama productions, instrumental music, and choir

Leadership & STEM

Model United Nations (MUN), Robotics & Coding clubs, Debate Society, and Student Government

Community Service

MYP Service as Action and Diploma CAS implement meaningful service learning projects

EVERY LEARNER SUPPORTED

Support *Services*

Aligned with our mission to cultivate an equitable and inclusive learning community, EVO provides comprehensive support systems tailored to each student's unique learning journey:

Inclusive Learning Support

Staffed with trained personnel to meet individual learning needs

Counseling

Social-emotional guidance from qualified counselors

University and Careers Counseling

Comprehensive support for college applications and scholarship opportunities

Behavior Management Team

Dedicated personnel committed to maintaining a safe and supportive campus

Student Well-being

Curriculum and activities to promote student well-being.

CAMPUS

Facilities

Located at NewGiza in western Cairo, EVO's current campus provides a safe, modern, and engaging atmosphere designed for inquiry and collaboration:

Academic Environments

Bright, flexible classrooms equipped with modern instructional technology

Outdoor Amphitheater

Large performing arts and public events venue

Science Labs

Dedicated facilities for hands-on scientific experimentation

Athletic Grounds

Multipurpose sports courts, full-sized football pitch, and Montessori/Lower Primary play areas

Food and Drinks Court

On-site food caravans offering students a wide variety of meals and refreshment options

Admission *Procedures*

Joining the Evolution International School community involves a straightforward, supportive four-step process:

1

Inquiry & Campus Tour

Contact our admissions office or book a tour online to experience our learning community firsthand.

2

Application Submission

Complete the application form online and submit required student academic records.

3

Student Assessment & Family Interview

Participate in an age-appropriate assessment and family meeting to discuss alignment with our educational values.

4

Enrollment Offer

Receive formal placement notification and complete enrollment registration.
